**Masks required even if you have been vaccinated**

Francis Scott Key Post 11’s success depends entirely on active membership, participation and volunteerism.

**COMMANDER’S ROLL CALL**

Greetings to all Post members. I hope that this month's message finds you and your family members doing well. While the last quarter of last year had highlights reminiscent of how the Post can thrive when everyone is doing their part, the start of the new year has presented some setbacks. The latest COVID variant has caused an increase in people testing positive and becoming ill. I am certain that everyone has had it with all things COVID. However, this is not the time to become complacent. If it means taking a step back to exercise safety measures that we have had plenty of practice with, then so be it. If safety mandates are put in place to protect our community, let's do it. Wear protective face coverings, wash your hands frequently and social distance whenever possible. Doing your part keeps us all safe.

Now that all things COVID related and staying safe are covered, let us look at some upcoming events. February begins with the LUCKY 3 daily drawing with 56 opportunities to win throughout the month. Tickets are available at the bar for $10 until February 6th. More information can be found on page 7. If your ticket number matches the winning number on the final day, the winner receives $500. Super Bowl Sunday (February 13) at the Post should be a fun evening. Auxiliary President Deb Cline is doing several football pools as a fundraiser. Buy a square or two to support the Auxiliary. February 14th is Valentine's Day, bring a date, have an adult beverage, and enjoy the atmosphere. February 21 is Presidents Day and a federal holiday.

For children and youth, this year's Post Oratorical competition was held in January and our winner will compete at the district level on February 19, 2022, at 1pm at Woodsboro Post 282. Come out and support our winner. Listening to these high schoolers prepared orations can be inspiring. Scholarship applications are available in the lounge for qualified child, grandchild, or self. Pickup and fill out the three scholarship applications available. Each application must be turned in by April 15th to be eligible for judging. Please support the children's educational program.

As you all know, events and programs require support. Support primarily comes from our members volunteering to make it happen, each and every day. Yes, this is where I solicit. Is your membership paid up to date? If not, why not? If you need assistance with paying your annual membership fees, stop into the Post and see the admin staff, we may be able to assist. Once the membership question is answered and resolved, we really could use an increase in the number of members willing to volunteer and help plan, prepare, and support events and highlights throughout the year. If you are willing, as little as an hour a week makes a big difference. The giving of your time is much appreciated and provides the Post with an increased pool of volunteers. More volunteers, more fresh ideas, less strain on those already going above and beyond.

Thank you to all Legionnaires, Sons of the American Legion, Auxiliary Members and Rider members for your continued efforts in providing a climate that is safe and enjoyable. It is important for all of us to do our part. Wear a mask, wash your hands frequently and social distance to your individual comfort level. Be Well, Healthy and Stay Safe. One Band, One Sound.

**S.A.L. News by Jeffrey Seiler, Commander**

Good news is out there as we are in the phases of distributing the booster vaccine for the horrendous Covid-19 virus but please do not forget your face covering when entering our Post. Cloth face coverings are one of the most powerful weapons we have to slow and stop the spread of the virus – particularly when used universally within a community setting. All Americans have a responsibility to protect themselves, their families and their communities.

**Dues, what can I say? If you have not paid your dues, they are now overdue.** We have approximately 150 members that have not paid their dues yet. Wayne Fox is doing a tremendous job collecting dues and getting our members their cards. The Sons of The American Legion membership calendar year is from July 1st, 2021 to June 30th, 2022. The dues are $35.00 per member and $15.00 for junior members. **If you have NOT PAID your dues this is a reminder that your dues are now PAST DUE. Please stop by the post and PAY YOUR MEMBERSHIP DUES. Thank you.**

This collection of pajamas is done throughout the year. Also, through “Hammy’s Heart”, which is part of Casey’s Cares, they are collecting gift cards for grocery and drug stores. These are presented to families in need of assistance. Any amount is appreciated.

To encourage more Military Life articles, I am reprinting my article that was originally published in 2017, with a reprint in 2018. Hopefully you will find the humor in it as I do now.

My first duty assignment as an Animal Care Technician (91T) was at the Large Animal Research Facility (also known as Area B) at Fort Detrick. As a working farm, we had horses, cows, sheep, goats, and geese. It was our responsibility to bring the animals to the barn every Monday afternoon so we could collect blood for the researchers at USAMRIID and NCI early the next morning. As a “newbie” to the farm, and having no farming experience before, I relied on instructions from the others as to how to herd the animals, and to get them in the barn. I was working with an E4 to bring the sheep to the barn. Keep in mind that I am only 5 feet tall and weighed 110 pounds. Getting the sheep from the field was fairly simple. Getting them into the barn proved to be not so simple. The E4 had me stand in front of the gate that led back to the field. I was told that sheep were afraid of people and they wouldn’t come close to me. As the E4 worked to get the last one in the barn, the sheep turned around and came charging at me. Thinking that he wouldn’t come close to me, I held my ground. The next thing I know, my feet are airborne and my backside is hitting the ground. After the laughter stopped, the NCOIC asked why I didn’t move. I explained what I was told by the E4, and the NCO chuckled again and said “Welcome to the farm”. Longest 30 days of my life.

The Veterans History Project at the Library of Congress

The mission of the VHP of the American Folklife Center is to collect, preserve, and make accessible the personal accounts of American wartime veterans so that future generations may hear directly from veterans and better understand the realities of war.” Collections may take the form of war veterans’ first-hand oral histories, memoirs, collections of original photographs and letters, diaries, and other historical documents from World War I through the present. The Frederick County Veterans History Project (an activity under the auspices of the Federal Library of Congress) has been active since 2002. We have recorded interviews with several hundred veterans here in the county, most notably focusing on survivors of World War II and Korea. These video recording are stored in the Maryland Room of the Burr Artz Public Library in downtown Frederick as well as being on file with the Library of Congress. We are very interested in continuing this historical activity to record individual histories from more recent service. If you are willing to be interviewed, or are simply interested in finding out more about the program, please contact Jim Hubbard at 240-578-4961 or on e-mail at jandshubbard@comcast.net. Additionally, we are also very interested in recruiting additional interviewers and will be happy to offer training for that task.
